Mental Health: Successes, Challenges, and Misconceptions

- What are the myths and truths about depression?
- Schizophrenia, psychosis, bipolar disorder – what’re the differences?
- What is a personality disorder?
- Learn more about the past, present, and future of mental health

Join second-year UBC Island Medical Program students Amy Kim, Laila Drabkin, Kaity Lalonde, and Brianna Crighton in an open conversation.

Monday, January 15, 2018 @ 1:00 – 2:30pm
Medical Sciences Building, Room 150
University of Victoria

Refreshments available
This is the latest in a series of medical student presentations
